Projects

Academic Programming Projects — Student

Developed several academic projects using Java, Python, and C++ during coursework. These projects helped build strong problem-solving skills and practical programming knowledge.

Intelligent Workflow Automation

Designed and implemented intelligent workflow automation solutions to streamline business operations, reduce manual tasks, improve productivity, and optimize end-to-end processes using modern automation platforms.

AI-Powered Business Solutions

Developed AI-driven business solutions that automate repetitive tasks, support decision-making, enhance customer interactions, and improve operational efficiency through intelligent technologies.

Enterprise Process Automation

Built scalable process automation solutions for business operations by integrating multiple systems, automating workflows, and improving collaboration across different business functions.

Custom AI Integration Solutions

Developed custom AI integration solutions by connecting AI services, APIs, and business platforms to automate workflows, enhance data processing, and create intelligent business applications. here the description

CRM & Communication Automation

Designed automated CRM and communication workflows to manage leads, customer interactions, follow-up processes, and business communications for improved customer engagement and operational efficiency.

Networks and Memberships

Director — Leading University Model United Nations (LUMUN) | Current | Leading University, Sylhet, Bangladesh

- Organizing conferences and managing event coordination..

Member — IEEE Student Branch Leading University | Current | Leading University, Sylhet, Bangladesh

- Participated in technical events, workshops, and programming activities.

Member — Leading University Computer Club | Current | Leading University, Sylhet, Bangladesh

- Programming competitions, workshops, and technology discussions.

Member — Social Service Club | Current | Leading University, Sylhet, Bangladesh

- Community service and social development activities.
